SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

MAY, 1932

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

U.S. DEPOSITORY

Meat Inspection Extended

855. Harry Manaster & Bro., 1018–1036 West Thirty-seventh Street, Chicago, Ill., to include United Packers (Inc.), Acme Packing Co., Chicago Beef Co., Indian Packing Co., Indian Packing Corp., and Martin-Pemberton Co.

Change in Address of Official in Charge

Dr. Henry Marshall, 407 Federal Building, Richmond, Va., instead of 230 Federal Building.

Substation Changed to Station

Reading, Pa., meat inspection, Dr. H. A. Schneider, care Reading Abattoir Co., in charge.

Substations Discontinued

Amarillo, Tex., enforcement packers and stockyards act, under Fort Worth, Tex.
El Paso, Tex., enforcement packers and stockyards act, under Fort Worth, Tex.

NOTICES REGARDING MEAT INSPECTION

ANIMAL CASINGS OF FOREIGN ORIGIN

Certificates required by B. A. I. Order 305 and instructions issued thereunder, which bear the official title of the high official of the foreign country as specified below, will be acceptable with animal casings offered for importation into the United States.

The certificates must also bear the signature of the high official of the national government having jurisdiction over the health of animals in the foreign country in which the casings originated, but owing to the fact that the high officials are changed from time to time it is impracticable to publish their names.

Official title	Foreign country
Secretary, Department of Commerce	Australia.
President of The Royal State Department of Health	Sweden.

The notices in Service and Regulatory Announcements of May, 1930, authorizing the certification of casings by the Minister of the Interior of Sweden, and of July, 1930, authorizing the certification of casings by the secretary, Department of Markets of Australia, are hereby revoked.

ANIMAL CASINGS FROM IRAQ

The permission granted in Service and Regulatory Announcements of December, 1927, and July, 1931, for the importation through foreign certification of animal casings from Iraq is hereby revoked. All animal casings which leave Iraq on and after July 12, 1932, shall be disinfected as required by previous instructions as a condition for admission into the United States.

GELATIN PERMISSIBLE IN HEADCHEESE

Since it has been determined that gelatin has long been employed as a constituent of headcheese the use of the substance in the manner indicated is permitted. When headcheese contains gelatin not prepared exclusively from inspected and passed product it must be appropriately marked "gelatin added" in conformity with existing rulings on the subject.

FACSIMILES OF POLISH MEAT-INSPECTION CERTIFICATES

The facsimile shown on page 51 represents the form of approved meat-inspection certificate for Poland acceptable under the provisions of B. A. I. Order 211 (revised), regulation 27, section 5, paragraph 5.

The similar facsimile shown on page 52 represents the form of approved meat-inspection certificate for Poland which is acceptable under B. A. I. Order 211 (revised), regulation 27, section 5, paragraph 6, regardless of the signatory, for meat and meat food products of a kind prepared customarily to be eaten without cooking, which contain muscle tissue of pork.

BILLING DATA ON CONTAINERS OF MEAT OR PRODUCT

Referring to item in Service and Regulatory Announcements of March, 1923, under the caption Written Data Affixed to Containers of Meat or Product, it appears that certain qualifications which are appropriately applied to products, or immediate or true containers thereof, may be omitted from billing data affixed to shipping containers and that such data may be otherwise simplified, without resulting in misleading inferences on the part of the consignee. Accordingly, the following modifications of such billing data are authorized:

Such declarations as "artificially colored" and "prepared from product passed after cooking," and qualifications pertaining to added substances such as cereal, starch, flour, and milk or its derivatives, may be omitted from terms relating to sausage, on billing data, on the basis that existing regulations specify that such added substances be declared on the product or containers thereof and such required declarations may be deemed ample and therefore corrective of unqualified terms in the billing.

On such billing data the qualifications "brand" or "style" may be omitted from geographical terms of foreign significance, such as "Bologna," "Frankfurter," "Italian," and "Wiltshire," provided the slip, label, or other material bearing the billing data also bears the featured statement, "Products prepared in U. S. A." or a similar declaration.

On such billing data the qualification "style" or "brand," either in full or abbreviated "sty" and "brd," should follow geographical terms of domestic significance, including names of all States, and those of cities or other localities of renown in relation to cuts or characteristics of meat or meat food products, as, for example, "Smithfield style ham" and "Lebanon style sausage." Similar qualifications are essential in the case of terms such as "country" and "farm," and names of companies or individuals other than those under which inspection has been granted the individual establishment involved: *Provided*, That the prescribed qualifications may be omitted from billing data applied to shipping containers in cases where the products are placed in immediate or true containers bearing approved labeling which includes such names appropriately qualified.

It should be understood that the billing data may not contain such contracted names as "pork sausage" and "veal loaf" when relating to articles containing meat or meat by-products other than pork and veal, respectively; or the term "meat loaf" as relating to loaf containing constituents other than meat and which requires specific declaration. The sausage may be described by such distinguishing names as "fresh sausage" or "green sausage," and the loaf may be designated by the unqualified term "loaf." While such terms as "ham sausage" and "blood and tongue sausage" are also objectionable, when relating to articles containing other meat or products, the unqualified terms "sausage" and "blood sausage," respectively, are available. In any of these cases additional code markings which are not false or misleading, may be added to the names for specific identification by billers and checkers.

It should be further borne in mind that on containers which serve as both shipping and immediate or true containers the billing data if applied, must be in addition to and not in lieu of required labeling. While formal approval of the written (including typewritten) billing data is not contemplated, any questions as to the interpretation or scope of this pronouncement should be referred to the Washington office.

LICENSES ISSUED FOR BIOLOGICAL PRODUCTS, APRIL, 1932

License No. 4 was issued April 2, 1932, to the Abbott Laboratories, Fourteenth Street and Sheridan Road, North Chicago, Ill., for: Abortion bacterin (bovine); autogenous bacterin; equine-influenza bacterin; hemorrhagic-septicemia bacterin; joint-ill mixed bacterin (equine); mammitis mixed bacterin (bovine); mixed bacterin (for rabbits); mixed bacterin (bovine); mixed bacterin (canine); mixed bacterin (for fowls); mixed bacterin (for swine); polyvalent mixed bacterin (equine); staphylo-bacterin (canine); white-scour mixed bacterin (bovine).

License No. 201 was issued April 8, 1932, to the Petaluma Laboratories, 6174 Van Nuys Boulevard, Van Nuys, Calif., for chicken-pox vaccine.

LICENSE TERMINATED, APRIL, 1932

License No. 4, issued September 22, 1930, to the Abbott Laboratories, Fourteenth Street and Sheridan Road, North Chicago, Ill., was terminated April 2, 1932, because of the discontinuance of production of bacillus-abortus bacterin (bovine); bacillus-avisepticus bacterin; mixed bacterin (for sheep); streptobacterin (equine); streptococcus-mastitis bacterin (bovine).

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT, MAY, 1932

Docket No. 311.—In re L. B. Andrews Livestock Commission Co. and other market agencies at the Kansas City Stockyards, Kansas City, Mo. By an order of inquiry and notice of hearing issued April 7, 1930, the Secretary of Agriculture directed that an inquiry be made into the reasonableness and lawfulness of all rates and charges provided in the tariffs of the respondent market agencies at the Kansas City Stockyards, Kansas City, Mo. A hearing was held at Kansas City, Mo., from December 3, 1930, to February 10, 1931. Oral argument was had before the Acting Secretary on March 27, 1931. On May 18, 1932, the Acting Secretary of Agriculture issued the proceedings, findings of fact, and an order prescribing a schedule of reasonable rates for buying and selling livestock on commission at the Kansas City Stockyards, to be effective 30 days after the date of the order.

Docket No. 378.—In re Paul Tracy, dealer, Fort Wayne, Ind. On February 15, 1932, the Acting Secretary of Agriculture issued an inquiry and notice of hearing wherein it was alleged that respondent had violated the act in that he had failed, neglected, and refused to execute and maintain a reasonable bond to suitable trustees to secure the performance of his obligations incurred as a dealer. On April 16, 1932, respondent admitted the truth of the matters alleged and waived a hearing thereon. On May 4, 1932, respondent was suspended from registration as a dealer for a period of six months with leave, however, during said period to apply for revocation of this suspension upon showing to the satisfaction of the Secretary of Agriculture that he has filed the necessary bond. He was also ordered to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond to secure the performance of his obligations.

Docket No. 381.—In re H. Braunschweig, market agency and dealer, Baltimore, Md., and Lancaster, Pa. On April 11, 1932, a statement was received from respondent showing to the satisfaction of the Secretary of Agriculture that the respondent incurs no obligations as a market agency on the Baltimore and Lancaster markets for which a bond is necessary. The secretary also found that the respondent executed a reasonable bond to secure the performance of his dealer

obligations in the sum of $2,000 dated April 6, 1932, a copy of which was filed with the Bureau of Animal Industry on April 14, 1932. The case was dismissed without prejudice on May 4, 1932.

PERMITTED DISINFECTANTS

The bureau has granted permission for the use of the following saponified cresol solutions in official disinfection, as required by B. A. I. Order 309: "Worrell's Crespolin," The Worrell Manufacturing Co., St. Louis, Mo.; "Solukress," Kremers-Urban Co., 189–199 Vine Street, Milwaukee, Wis.; "Ghost Brand Disinfectant," Albright Laboratories, Jefferson City, Tenn.; "McClellan's Orthosol," McClellan Products (Ltd)., Los Angeles, Calif.; "Consolidated Cresolis," Consolidated Laboratories, Main Street between Walnut and Elm, St. Louis, Mo.; and "Universal Cresolum," Universal Laboratories, 115 South Commercial Street, St. Louis, Mo.

RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS

Penalties and fines have been imposed in prosecutions for violations of regulatory laws, as reported to the bureau, as follows:

Twenty-eight Hour Law

Chicago, Rock Island & Pacific Railway Co. (three cases), $300 penalties.
Missouri, Kansas & Texas Railway Co. of Texas, $100 penalty.
Missouri Pacific Railroad Co., $100 penalty.
Texas & Pacific Railway Co., $100 penalty.

Livestock Quarantine Law

Chicago & North Western Railway Co., interstate movement of infectious car, $100 fine.

Chicago, Milwaukee, St. Paul & Pacific Railroad Co., interstate transportation of infectious car without prior cleaning and disinfection (Illinois to Wisconsin), (two cases), $200 fine.

Fayette Producers Co., Washington Court House, Ohio, for interstate shipment of hogs affected with hog cholera, from Ohio to Pennsylvania, $100 fine.

Charles R. Shroades, Chambersburg, Pa., for interstate transportation of two cows from Pennsylvania to Maryland without prior tuberculin test, $100 fine.

G. W. Breeland, Bush, La., for interstate shipment of one cow and one calf from Mississippi to Louisiana without prior tuberculin test, $100 fine, which was suspended and defendant placed on probation for five years.

Sam Davis and Shelly Davis, Bond, Miss., Cater Hickman, Wiggins, Miss., and L. R. Cooley, Leaf, Miss., for interstate movement of tick-infested mules from Louisiana to Mississippi without dipping and certification; each person $100 fine. (Suspended.)

Meat Inspection Law

V. T. Angle, Chambersburg, Pa., for offering unsound meat for interstate shipment, $100 fine; Erwin P. Yost, York, Pa., same offense, $125 fine.

NEW PUBLICATIONS OF THE BUREAU
